

Customer Journey Map

Date	02 July 2026
Team ID	xxxxxx
Project Name	A Comprehensive Measure of Well-Being (HDI Prediction System)
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the web application. • Reads project information. • Logs in using valid credentials.	• Navigates to the prediction page. • Enters Life Expectancy, Expected Schooling, Mean Schooling, and GNI values. • Clicks Predict.	• Views the predicted HDI category. • Checks prediction history. • Logs out of the application.
Touchpoint <i>What part of the service do they interact with?</i>	• Home Page • Login Page • Navigation Menu	• Dashboard • Prediction Form • Predict Button	• Result Page • History Page • Logout Option

Customer Thought <i>What is the customer thinking?</i>	• Is this application easy to use? • Can I log in successfully? • Will this predict HDI accurately?	• Are my input values correct? • How is the prediction calculated? • Will I get instant results?	• Is the prediction reliable? • Can I review previous predictions? • Was the application useful?
Customer Feeling <i>What is the customer feeling?</i>	Curious, Interested, Confident	Engaged, Focused, Hopeful	Satisfied, Informed, Happy
Process Ownership <i>Who is in the lead on this?</i>	Frontend & Authentication Team	Prediction Engine & Backend Team	Result Management & Deployment Team
Opportunities <i>How can we improve this stage?</i>	• Add user registration. • Improve login security. • Add password recovery.	• Integrate a trained ML model for higher accuracy. • Validate inputs dynamically. • Display input guidance and tooltips.	• Export prediction reports as PDF/CSV. • Add graphical analytics and charts. Customer Journey Map • Enable user profile and cloud-based history storage.
